Educational expenses may include fees, books, laboratory expenses and materials, as required by an accredited college or school of veterinary medicine as part of a Doctor of Veterinary Medicine degree program, or the equivalent. The program participant must submit sufficient documentation, as required by the Secretary, to substantiate the school requirement for the educational expenses incurred by the program participant.

Qualifying educational loans means loans that are issued by any Federal, State, or local government entity, accredited academic institution(s), and/or commercial lender(s) that are subject to examination and supervision in their capacity as lending institutions by an agency of the United States or the State in which the lender has its principal place of business. Loans must have been made for one or more of the following: School tuition, other qualifying educational expenses, or reasonable living expenses relating to the obtaining of a degree of Doctor of Veterinary Medicine from a college or school of veterinary medicine accredited by the AVMA Council on Education. Such loans must have documentation which is contemporaneous with the training received in a college or school of veterinary medicine. If qualifying educational loans are refinanced, the original documentation of the loan(s) will be required to be submitted to the Secretary to establish the contemporaneous nature of such loans.

Reasonable living expenses means the ordinary living costs incurred by the program participant while attending the college of veterinary medicine, exclusive of tuition and educational expenses. Reasonable living expenses must be incurred during the period of attendance and may include food and lodging expenses, insurance, commuting and transportation costs. Reasonable living expenses must be equal to or less than the sum of the school's estimated standard student budgets for living expenses for the degree of veterinary medicine for the year(s) during

which the program participant was enrolled in the school. However, if the school attended by the program participant did not have a standard student budget or if a program participant requests repayment for living expenses which are in excess of the standard student budgets described in the preceding sentence, the program participant must submit documentation, as required by the Secretary, to substantiate the reasonableness of living expenses incurred. To the extent that the Secretary determines, upon review of the program participant's documentation, that all or a portion of the living expenses are reasonable, these expenses will qualify for repayment.

Service agreement means the agreement, which is signed by an applicant and the Secretary for the VMLRP wherein the applicant agrees to accept repayment of qualifying educational loans and to serve in accordance with the provisions of NVMSA for a prescribed period of obligated service.

Termination means a waiver of the service obligation granted by the Secretary when compliance by the participant is impossible, would involve extreme hardship, or where enforcement with respect to the individual would be unconscionable (*see* breach of agreement).

Withdrawal means a request by a participant for withdrawal from participation in the VMLRP after signing the service agreement, but prior to VMLRP making the first quarterly payment on behalf of the participant. A withdrawal is without penalty to the participant and without obligation to the Program.
